

SUMATO

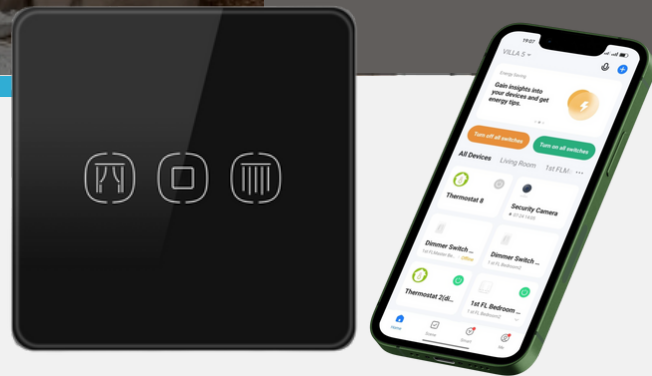

SMART CURTAIN Switch

Automate Your Curtains with Intelligent Control

The Sumato Smart Curtain Switch transforms traditional curtain or blind motors into a fully automated, app-connected system. It integrates with the Tuya Smart platform and supports voice control via Amazon Alexa and Google Assistant, offering hands-free convenience, flexible scheduling, and elegant design options to match any modern interior.

Key Feature

Remote Control via Tuya App:	Control curtains remotely via the Tuya Smart app or through voice commands with Alexa and Google Assistant.
Scheduling & Scene Integration:	Set timers, countdowns, and create smart home scenes linked with lighting, climate, and more.
Group Control:	Operate multiple curtain motors together for seamless room-wide automation.
Safety Protection:	Built-in overload and over-temperature protection for secure and reliable operation.
Universal Compatibility:	Fits standard EU/UK wall switch boxes, making it ideal for new installations or retrofits.
Backlit Button Indicator:	Soft LED glow helps locate the switch in low-light conditions without being intrusive.

Smart Life

Google Assistant

alexa

Convenient Remote & Voice Control

Operate curtains from anywhere using the Tuya app or voice assistants like Alexa and Google Assistant.

Energy Efficiency

Automating curtains helps regulate room temperature naturally, reducing reliance on air conditioning or heating..

Custom Scheduling

Set curtains to open or close at specific times for privacy, light control, or wake-up routines

Enhanced Security

Simulate presence by automating curtain movement while you're away.

Stylish & Flexible Design

Available in multiple colors with a modern touch panel, fitting seamlessly into any décor.

Smart Control

Touch, app, and voice control with Alexa, Google Assistant, and Siri.

Multi-Gang Options

Available in 1, 2, 3, and 4-gang models for any room setup.

Normal and safe control

Wet hands also be safely controlled
