

86 A4 SERIES SMART Switch

Multi-Gang Smart Control with Voice, App, and Energy Monitoring

The 86 A4 Series Smart Switch is a sleek, wall-mounted smart switch offering advanced control for lights and appliances via the Tuya Smart app and voice assistants like Alexa and Google Assistant. With support for multiple gangs (1 to 4), it's ideal for managing several devices from a single point.

Key Feature

| | |
|-----------------------------|--|
| App & Voice Control: | Manage switches remotely through Tuya app or hands-free via voice commands. |
| Custom Scenes & Scheduling: | Automate lighting and device routines with countdown timers and smart scenes. |
| Multiple Gang Options: | Choose 1 to 4 gang configurations for personalized control setups. |
| Energy Monitoring: | Track real-time power usage to promote efficient consumption. |
| Elegant Design: | Slim and modern build fits standard 86mm × 86mm wall switch boxes. |
| Quick Installation: | Simple setup using existing wiring infrastructure. |
| Tempered Glass Touch Panel: | Offers a smooth, durable, and scratch-resistant surface with responsive touch functionality. |
| Backlit Indicator Lights: | Soft LED indicators provide visibility in the dark without being intrusive. |

All-in-One Multi-Device Control

Control up to four devices from a single wall panel—ideal for smart zones.

Hands-Free Operation

Use Alexa or Google Assistant for voice-controlled convenience.

Custom Smart Scenes

Automate lighting, fans, and appliances with tailored routines and countdowns.

Real-Time Energy Monitoring

Track consumption to reduce electricity costs and improve energy efficiency.

Safe & Reliable

Built-in overload and over-temperature protection ensures long-term safety.

Premium Design & Easy Fit

Slim, elegant touch panel fits standard wall boxes—easy to install, beautiful to look at.

86 A4 Series Smart Switch

Elegant wall-mounted control with remote and voice automation for smarter living.

Remote Control

Stay informed with real-time data, anytime, anywhere.

Interface Overview

Compact design, packed with powerful functions.

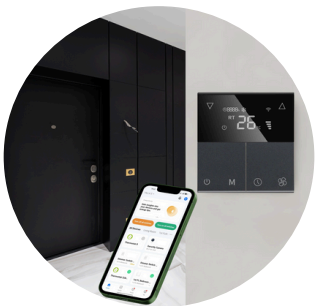

Voice-Controlled Smart Switch

Control your switch with simple voice commands via Alexa or Google Assistant hands-free and effortless.

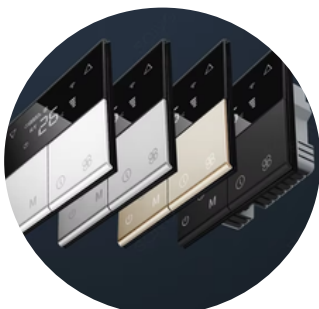

Mobile App Control

Easily control, schedule, and monitor your switch anytime from your smartphone using the Tuya Smart app.
