

# XG-SA020

## Wireless Personal Safety Alarm

### Overview

The XG-SA020 is a compact, high-decibel personal safety alarm designed for individuals seeking quick and effective protection in emergency situations. With a powerful 130dB siren, this device can deter attackers and attract attention instantly when activated.

Powered by 2 × CR2032 batteries, it features zero standby current for maximum energy efficiency and up to 25 minutes of continuous alarm time. The lightweight and durable ABS body makes it easy to carry in a pocket, bag, or on a keychain—perfect for everyday personal safety.

### Key Feature

Loud Alarm Output:	130dB siren grabs immediate attentions
--------------------	--

Long Alarm Duration:	Up to 25 minutes of continuous alarm
----------------------	--------------------------------------

Zero Standby Current:	Extends battery life significantly
